

Children's Homes - In School worksheet

Some of the homes had their own schoolroom like the one in the photograph. In the smaller homes the children went to the local school.

1. Look at the extract showing some exam results from 1892. What were the 5 subjects examined?

Nearly all the students passed all the exams. Which subjects appear to have been the most difficult?

2. Now look at the Inspection Report for Standon Farm Industrial School and the section headed '**Education**'.

What other academic subjects were taught?

Make a list of the subjects you are taught that weren't being taught then?

3. Apart from the academic subjects what else was taught at school?

How would you feel about training for work being included in your school's curriculum?
